Present

TECHNICAL SKILLS

C Programming

C++ Programming

Web Technology (HTML, CSS)

Database Management (SQL)

WordPress Development

SEO (Search Engine Optimization)

SOFTWARE SKILLS

Microsoft Office (Word, Excel, PowerPoint)
Power BI - Basic
Social Media Tools (Facebook, Instagram, LinkedIn Ads)
Canva / Graphic Design Tools

PROJECTS

✔ Attendance Management System – College Project
Developed a web-based Attendance Management System using HTML, CSS, and JavaScript. This system allows teachers to log in with a unique ID and password to manually enter student details and mark attendance. Designed a user-friendly interface and ensured smooth functionality for efficient attendance tracking.

✔ Website Development – Element Labs Inc

I created the website 'Element Labs Inc' using WordPress. The site helps small and mid-sized businesses with scalable solutions. I handled everything from planning and designing to development, focusing on making it user-friendly and easy to maintain.

ACHIEVEMENTS & AWARDS

Achieved 7th Rank in the IT Olympiad Championship 2021 organized at Azam Campus.

INTERESTS AND AREAS OF FOCUS

Research and Development: Exploring new tech and innovative solutions.
